

Let Me Sell Your Horse!

How it works-

On Broodmares, Race Age, Yearlings, Weanlings, Stallions, Foals in Utero

You pay: \$60 listing fee (paid in advance)

6% commission when sold with \$100 minimum.

On Stallion Seasons you pay:

\$75 listing fee (paid in advance) 6% commission when sold with \$100 minimum.

\$150 flat fee charged on ALL above if sold elsewhere privately after being listed

OTHER FEES: After 30 days listed, IF I have a sale pending on a horse listed at an agreed upon price and seller decides NOT to sell, seller still owes 1/2=3% commission.

What you get:

Copy writing and discovery for the listing on Blazinfire.com which will be promoted as well.

Postings will go on Facebook pages whose audience is geared for potential buyers of racing Quarter Horses and includes correspondence with potential buyers and, of course, the seller.

Lisa will also contact her clients that are buyers- direct-through phone, text or email.

Lisa McMahan will be your agent but sales proceeds will go direct to you, the seller.

You will be invoiced for commission. ☺

Extras : Equine pedigree report-this is advised but not mandatory.

The cost is \$15.00 to get one. I advise this especially on broodmares for sale.

If you already have one for your horse-we will add it at no charge.

Payment:

PayPal is the quickest way to get started but checks and money orders are accepted.

This is the email address to send payment to Pay Pal-

Lisamcadv@aol.com

I also accept CASH APP.

My address is on page 2 for checks.

I will also need: Emailed to me (Lisamcadv@aol.com) - copy of the horse's papers, pedigree info, other info and any photos you want to use. If you do not have a pedigree report that you can furnish, I can usually get my research done through sales catalogs, Equibase or AQHA.

Your horse will be listed within one week after listing fee is paid.

Thanks! Lisa

Please make checks payable to:
